Dear Michael,

I hope that you and all the team at UFHS are really well and business is as brisk as ever!

Thank you so much for your two recent donations of £1477.70 and £1600 respectively. This now brings your total donations to date to an amazing £42,207.70.

Your ongoing support really does mean a huge amount to all the children and families that we care for across Essex, families Like Ruby's:

"When we were referred to Little Havens I was really against it. Not because I thought it was a place people went to die but because they were saying I needed help. Being at Little Havens has opened our eyes to the possibilities of what life can be. It's not just walking in and the physical care of Ruby, it's the support and having a chance to offload on somebody. There wouldn't be enough fundraising for us to repay Little Havens for what they've done for us, you can't put a price on it, we'll always be indebted."

Laura, Ruby's Mum

Please don't hesitate to let me know if any more of your team would like to visit Little Havens for a tour as it would be lovely to show them where all your donations go.

In the meantime, thanks again for all you do..

Best wishes,

A handwritten signature in black ink that reads "Peter".
